NAAC PEER TEAM VISIT TO THE COLLEGE

The college has surpassed another milestone by successfully completing the third cycle, self study and assessment, by NAAC. The assessment and accreditation process started in September 2017 when the college submitted the IIQA, reached its logical conclusion when the NAAC appointed Peer Team visited the college for an on-site assessment on 9th and 10th March 2018.

The college had submitted the self study report online in October 2017. This online submission accounts for 70% of the accreditation by NAAC. For the remaining 30% of the accreditation, NAAC had appointed three veteran educationists: Dr. Shirish R Kulkarni, Vice Chancellor of Sardar Patel University, Vallabh

FROM THE PRINCIPAL'S DESK

I am very happy to present the 2018 issue of the “The Chronicle”. The academic year 2017-18 kept us busy all through with so many exciting developments. Foremost among them was the fact that we were celebrating the 70 years of the founding of the College. Though we didn’t want to have any flashy celebration, it was felt that it is an occasion that reminds us of the significance of the legacy we bear. Therefore, we designed some college-level activities focusing on showcasing the talents of the students. Retrospectively, I feel that “Celebrating 70 Years of Educational Leadership” was a sincere tribute to our Founder, Dr. Hivale, and all those who stood by him in fostering this College.

Right from the start, the year has been an eventful one. Honorable Vice Chancellor, a friend and well-wisher of the College, Dr. Nitin Karmalkar visited our premises and spoke to the staff and students. We signed a clutch of MoUs during the year for outreach activities, value-added courses and soft-skills training. We undertook the long-winding Self Study culminating in the visit by the NAAC appointed Peer Team in March 2018.

Reflecting over the year, I feel that we in Ahmednagar College keep returning to the founding goals of the institution – “Not Things but Men”. Dr. Bhaskar Pandurang Hivale sacrificed his comfort of his career and the prospects of a life in metropolitan city not to merely run an educational institute. He wanted to be a change maker. He wanted the College he founded to be a catalyst in bringing about change in the lives of not only individuals but also, eventually, in the society at large. Hence, it is not surprising that we at Ahmednagar College frequently take up projects that directly or indirectly impact society.

I must also share with you how the year’s activities have led me to reflect on the importance of collaboration. In these times of competitiveness, the virtues of cooperation are sometimes ignored. Indeed, I believe that it is through collaborative work that we can achieve more, and, more swiftly. Ahmednagar College hopes to build on this front in the next academic year by increasing the number of collaborative projects in research, outreach, student support, academics, etc.

Even as I satisfactorily look back on the year that has passed, I also feel excited to the opportunities and challenges the new academic year brings with it.

May God bless this great institution of ours.
