AHMEDNAGAR COLLEGE, AHMEDNAGAR
Station Road, Ahmednagar

Ahmednagar College, the first and the oldest institution of higher education in Ahmednagar District, has always been a pioneer in the fields of research and education. A premier institution of learning for traditional as well as new-age subjects, the name of the College is synonymous with quality education. It is a college founded by a visionary, Dr. Bhaskar Pandurang Hivale, and built by committed and eminent educators, Dr. Thomas Barnabas and Rev. Prof. Joseph Barnabas.

The motto of the College, *Not Things, But Men*, highlights the unwavering dedication of the College to the ideals of building personalities. We strive to impart cutting-edge knowledge grounded in values, pertinent skills in relevant fields and a healthy enthusiasm for constructive work. Because, since its inception, our institution has believed that tomorrow should be better. In moulding the all round personality of the students, we are committed to this idea of creating bright young minds that are fully capable, willing and well-equipped.

The excellence of the College is attested to by the fact that students from all parts of India come here to study - from north to south and from west to east. It is also significant that having studied in Ahmednagar College, many then scatter across the globe. The quality of education imparted by the College is also certified by National Assessment and Accreditation Council (NAAC), Bangalore, which has awarded Ahmednagar College with an 'A' grade. The NAAC committee has commended the College for the quality of education provided, for student support and welfare programmes, for excellence in research and academic activities, for the sound and enthusiastic Management and for the harmonious atmosphere on the campus. Further recommendation has come also from the University of Pune in the form of the '**Best College Award.**'

The quality of the research underway in the College may be gauged by the fact that many of our teachers have published their research findings in reputed national and international journals. Some of our teachers have written textbooks and reference books. Many are on various academic and administrative bodies of various Universities including Senate, Academic Council, and Board of Studies.

The College has excellent infrastructure for both learning and living. Barnabas as the Principal since November 2005, the College has re-dedicated itself to quality higher education and unalloyed service to the society. Alert to the fast changing scenario in both education and the job market, under the command of its youthful and energetic Principal, the College is pushing open new avenues in the manner, nature and content of the education provided.
